

We have tried to source the best bar snacks that we can find from as far away as the Orkney Isles to the Dorset town of Bridport. From Shropshire, the home made scotch egg company, with their pickled eggs, and two varieties of Scotch egg, to the French market at Caen

...SO DECADENTLY PORCINE THAT  
MY ARTERIES BEGAN TO CREAK,  
...IN A GOOD WAY.

*Tom Parker Bowles - The Mail on Sunday*

From Bridport, the Gourmet Pie Company gives us their Hand Raised Pork & Homity pies. Homity pies are an open topped pie made from locally sourced Blue Vinny cheese, potatoes, onions, a hint of garlic and herbs, the Homity Pie has a history that dates back to the efforts of the intrepid 'land girls' of the Second World War.

All these dishes are available in the lounge & local's bar throughout the day (except the Camembert)
